Dear Parents/Guardians

As we reach an important milestone in the academic year, I am writing to inform you that today marks the end of formal lessons for our Year 12 students as they begin their study leave.

This is a significant moment in their journey at Nendrum College. Over their time with us, this year group has grown not only academically, but also as individuals. We are incredibly proud of all they have achieved and of the maturity, resilience, and character they have shown throughout their years here. It has been a privilege to watch them develop into the young people they are today.

As they now turn their focus towards their upcoming examinations, we would like to take this opportunity to encourage them to approach this period with confidence and determination. These exams are an opportunity for them to demonstrate everything they have worked so hard to learn, and we have every faith in their ability to succeed. They have prepared well, and we hope they feel proud of how far they have come.

Although students will be on study leave, support from school will continue. A programme of study sessions will be available up until the final examination, offering guidance, structure, and an opportunity for further revision with subject staff. Full details of these sessions have been shared with students and are also included as a separate attachment with this letter for your reference.

We encourage students to make the most of these sessions, as well as to maintain a balanced routine of revision, rest, and wellbeing during this period.

Thank you for your continued support throughout your child's time at Nendrum College. We wish all of our Year 12 students every success in their examinations and look forward to celebrating their achievements in August.

Yours sincerely

A Walker
Principal
