

ADDENDUM – POSITIVE BEHAVIOUR POLICY

This addendum must be read in conjunction with the Positive Behaviour Policy and School Rules.

In these very difficult and unprecedented times, Nendrum College will continue to expect the very highest standards and expectations of all pupils. The aim of the addendum to our Positive Behaviour Policy is to inform all stakeholders of the key additions to promote a positive and safe learning environment under the guidelines set out by the Northern Ireland Executive / Department of Education.

At this time, there is an even bigger need for a clearly understood and agreed set of expectations with regards to behaviour specifically around Covid-19 guidance. The management of socially responsible behaviour and hygiene measures in place at Nendrum College requires that every pupil and staff member takes personal responsibility and adheres to the measures implemented to keep themselves and others safe. As ever, Nendrum College will work in close partnership with all stakeholders in the best interests of our pupils.

Rules and expectations during COVID-19-19

All pupils are expected to follow the code of conduct which incorporates additional Covid-19 guidelines set out by Nendrum College in accordance with Northern Ireland Executive / Department of Education and PHA guidance.

Full school uniform will continue to be worn. Full PE kit (including black hoody and black tracksuit bottoms [not leggings]) will be required on days when pupils have PE. All school uniform items should be cleaned regularly.

Behaviour Responsibilities

Our Positive Behaviour Policy including RRSa Class Charter and School Rules will continue to be used to ensure behaviour is commensurate with our high expectations at all times.

Pupils will take responsibility for their own conduct and behaviour in line with the Positive Behaviour Policy and this addendum in relation to Covid-19. Pupils are also expected to adhere to the existing behaviour policy and guidance. Pupils are strongly encouraged to report any instances where they believe social distancing or safety measures are not being adhered to.

Staff will ensure policy and procedures are followed and consistently and fairly applied. Staff have a responsibility, with the support of the Senior Leadership Team, for creating a safe and secure learning environment with students and staff safety at the forefront.

Parents and guardians are expected to take full responsibility for the conduct and behaviour of their child/children linked to the routines and guidance relating to Covid-19. Parents and guardians are to work in partnership with the school in maintaining these new measures and the high expectations of behaviour in line with this addendum.

During the COVID-19 pandemic the safety of pupils, staff and local community is paramount, therefore, if an incident of unacceptable behaviour is linked to failing to adhere to the COVID-19 procedures, the matter should be immediately reported to a member of staff. The relevant Head of Year will co-ordinate the response. Any serious breaches of the rules and expectations may result in parents/guardians being contacted regarding the risk that their young person is posing to the school community with particular reference to Covid-19. Parents/ guardians may be asked to collect their child. This includes deliberate actions against health & safety and protecting against the spread of Covid-19, which will result in suspension from school.

Any instances of bullying, including any Covid-19 related incident, will be thoroughly investigated adhering to the Anti-Bullying Policy.

It is important that the whole school community work together to ensure the health, safety and wellbeing of all.
